

Library Parking

Parking beneath the Library is limited to patrons and authorized vehicles during hours when the Library is open. Only vehicles authorized by Administration may be parked in parking spaces located beneath the Library during closed hours. The parking spaces along the south and west perimeters of the parking area may also be used by Library staff instead of municipal Parking Deck during work shifts.

Parking regulations posted by the Library and/or the Village of Mount Prospect must be observed at all times. Vehicles in violation of parking regulations are subject to towing and are subject to parking fines.
