

Crayon Colors

Today we read rhyming books and played rhyming games. This helps children develop phonological awareness, the ability to hear and play with the smaller sounds in words. Research has shown that rhyming will help your child later when they need to sound out words to read.

Have fun playing this guessing game with rhyming words. Use real crayons or make some out of paper. Try to come up with more words that rhyme with each color!

It looks like mustard and rhymes with fellow
The crayon I'm holding is the color yellow
