

## Into the Woods

In storytime today we heard stories about the forest and some of the animals that live there, and we learned about **print awareness**. Part of print awareness is knowing that words represent things. Have your child color the pictures of the forest animals on the next page. Then cut out the animals' names and read them aloud to your child. Help him/her match up the words with the pictures.

Owl

Fox

Porcupine

Beaver

Frogs

Bear

Squirrel

Deer

Raccoon
