Ancestry Library Edition Page

The screenshot shows the Ancestry Library Edition website. The browser window title is "Genealogy, Family Trees and Family History Records online - AncestryLibrary.com - Windows Internet Explorer". The address bar shows "http://www.ancestrylibrary.com/default.aspx". The website header includes the "ancestry library edition" logo and a welcome message for "MOUNT PROSPECT PUBLIC LIBRARY". Navigation tabs include "Home", "Search", and "Charts and Forms".

The main content area features a search interface under the "Historical Records" tab. It includes a search tip, a checkbox for "Exact matches only", and input fields for "First & Middle Name(s)" and "Last Name". There are also dropdown menus for "Birth Year", "Birth Country", "Death Year", and "Death Country". A "Search" button is located at the bottom of the search form.

To the right of the search form is a gallery of historical photographs, including a large family portrait and several smaller individual photos.

At the bottom of the page, there are two sections: "US CENSUS" and "MORE COLLECTIONS".

Advanced search page

The screenshot shows a Windows Internet Explorer browser window displaying the 'Advanced Search' page on AncestryLibrary.com. The browser's address bar shows the URL <http://www.ancestrylibrary.com/search/rectype/advanced.aspx>. The page features a navigation menu with 'Home', 'Search', and 'Charts and Forms'. Below the navigation, the title 'Advanced Search' is followed by a brief description: 'Advanced Search allows you to search all records on the site and allow selected fields to match your search criteria exactly.'

The search form includes several sections:

- Exact matches only:** A checkbox at the top left of the form.
- VITALS:** Fields for 'Given Name' and 'Surname', each with an 'Exact' checkbox.
- Birth:** Fields for 'Year' (with a +/- 0 dropdown) and 'Country' (set to 'All Countries'), each with an 'Exact' checkbox.
- Marriage:** Fields for 'Year' (with a +/- 0 dropdown) and 'Country' (set to 'All Countries'), each with an 'Exact' checkbox.
- Death:** Fields for 'Year' (with a +/- 0 dropdown) and 'Country' (set to 'All Countries'), each with an 'Exact' checkbox.
- Residences:** A dropdown menu set to 'All Countries' with an 'Exact' checkbox and a link to 'Add Another Residence'.
- Keywords:** A text input field with an 'Exact' checkbox.
- RELATIVES:** Fields for 'Father Given' and 'Father Last'.

A 'Search tips' box on the right side of the page provides detailed instructions:

- ADVANCED SEARCH TIPS**
- 'Exact matches only' checkbox:** Checking this box checks all of the exact checkboxes on the form. When all of the exact checkboxes are checked, the search will only return results from records that contain information for all the fields where you entered information AND where the information in the record exactly matches what you entered.
- 'Exact' checkboxes:** When you uncheck the 'Exact matches only' box at the top of the search form, all of the 'Exact' checkboxes will be unchecked. By checking the 'Exact' box by an individual field the search will require the result to include and match that item exactly. This will allow you to, for example, require a place to match exactly, but find variations of a last name.

The browser's taskbar at the bottom shows the Start button and several open applications: 'Advanced Search - A...', 'Microsoft PowerPoint ...', and 'Document1 - Microsof...'. The system tray on the right shows the Internet icon, a 100% zoom level, and the time 1:35 PM.

Searching Tips, cont.

- “Exact” search looks for information just as it is entered
 - Non exact search can pull up much irrelevant material
 - Wild cards are “*” for up to 6 characters and “?” for one character
 - Use quotation marks for phrase searches
-

Using the Card Catalog

- Searches all the databases
 - Search by keyword or database title
 - Accessed via drop down menu of Search tab on home screen or via link on Search page
