

Today we focused on the early literacy skill of vocabulary. To practice what we learned, have you child first color the bear and the articles of clothing. Next, please assist them with cutting out the different paper doll pieces. Then, as you and your child dress the bear in different outfits, be sure to highlight the following words and have your child repeat them after you as they point to them. Words: bear, shirt, pants, hat, stripes, flowers, eyes, nose, ears, arms, legs

Dress Up Jesse Bear
